

Little Explorers - Summer Term 1 – Go and Explore!

Overview, Vocabulary and Sticky Knowledge

What am I going to learn about this half term?

This half term our topic is Go & Explore! Little Explorers will be learning all about the wider world. During our time learning about other countries, we will also learn about foods and fruits from around the world. When learning about journeys and voyages, we will enjoy a pirate theme. We will explore dinosaurs too.

It would be very helpful if you could share the key vocabulary and sticky knowledge with your child at home. Here are the key questions that we will be investigating...

How do people travel around the world?
What is it like in other countries?
What was the world like before people?
How do we know about dinosaurs?
How can we take care of our world?

Key Vocabulary:

Topic Traveller Question:

Where would you like to go and explore?

Research a place you would like to visit. Find out about the climate there. What animals live there? What do they eat? Or you could create a piece of work based on somewhere you have explored before.

Sticky Knowledge:

Here are some fabulous facts about our topic... **Go and Explore.**

- Kenya is a country in the continent of Africa.
- **There are 7 continents in the world and 5 oceans.**
- 70% (most) of the world is made up of water.
- Dinosaurs roamed the Earth until 65 million years ago.
- **We live on the planet Earth and we orbit the sun which means we travel around the sun.**
- When an anchor is dropped, it wedges itself on the seabed to stop the ship drifting.
- **There are 8 planets in our solar system. They are: Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, Neptune.**
- **Beaches are a popular holiday destination.**

Scientists know about dinosaurs because they study fossils.

Kenya is a country in Africa.

A compass can help you find your way.
(north, south, east, west)

There are 9 planets.
