P.e lessons could be abit more interesting and also after school clubs could be better.

anonymous

Over the past few years I would say the school has become far to busy for what it was made for. The children haven't got much space within their classroom which makes the environment seem quite hectic at times. When attending local sporting school competitions playing against children of the same age locally. There is quite a big difference in the level the other children are at. I do wonder if it's the lack of PE at Westhouses especially in the winter months as we haven't got a Hall as it's being used as a classroom. I know we use the leisure centre at times etc but attending these sporting events its definitely noticeable. I do believe this is something Westhouses needs to improve on especially with how important PE is for children's physical and mental health.

anonymous

A fantastic school with brilliant staff. A proper family atmosphere where my daughter feels safe and enjoys her time there with her friends and teachers alike.

anonymous

Brilliant primary's school my child loves attending

anonymous

I dont really know how my child is doing as it has been a while since parents evening. It would be great to have an alternative ir addition of worksheets to numbots for maths homework. It would be great to have some pointers on what my child struggles with and tips to help them with that. My child would rather be moving and round than sat still doing learning so learning on the move. I am not sure how school helps children with their learning preferences and optimising their learning. Teaching our children to be great problem solvers, learners aswell as kind, caring people is as important as the technocal learning of a process or facts. Religious education is an interestting one. I would prefer this lesson to be more about Equality, Diversity and Inclusion. I want me child to know about all religions on an even level, not more aboit christianity than any other. Because by learning more about christianity, my child has assumed they must belief all christian beliefs. I want my child to make up their own mind but they need to understand the logic behind science vs the beliefs in religion. I also want them to be accepting of anyone with any faith. The question about dealing with bullying needs a "not had chance to experience/observe" option. Wrap around care is a really asset to the school and the different clubs to try are good variety. My child would be happy to stay after school for even longer which is a great sign. Staff are really compassionate although I worry the pressure that they are under can mean they are exhausted. The team leadership seems functional although I think staff struggle to influence some chnges that they would like to see. The work ethic of staff is brilliant and they lead an incredible example for the children. Thank you to all staff for the passion and energy that you bring.
